

ISA Wenhua High School of Guangzhou Profile 2026-2027

(an ISA Liwan campus for overseas-bound students)

Our school

ISA International Education Group (ISAIEG) was established in 2014 by senior education experts from leading global institutions. Today, the group oversees more than 12 schools and programs, including four international schools for foreign passport holders (ISA Tianhe, ISA Science City, ISA Liwan International, and ISA Wuhan International), two K-12 schools for Chinese passport holders (ISA Wenhua Liwan School of Guangzhou and ISA Wenhua Wuhan), and two high school partnership programs with public high schools (Guangzhou Foreign Language School ISA Wenhua IB Diploma Program and Wuhan No. 2 Middle School ISA Wenhua IB Diploma Program). Founded in 2022, ISA Liwan comprises three schools:

ISA Wenhua High School of Guangzhou (Grade 9-12)

ISA Liwan International School of Guangzhou (for foreign passport holders)

ISA Wenhua Liwan School of Guangzhou (K-9)

For clarity, this profile focuses on **ISA Wenhua High School of Guangzhou**, which offers a wide range of curricula including IB, A-Level, Hong Kong Diploma of Secondary Education (HKDSE), and the Chinese National Curriculum (CNC). Particular emphasis is placed on the IB, and A-Level programs, as these form the primary pathways for students seeking admission to top overseas universities.

Curriculum

ISA Wenhua High School of Guangzhou offers a variety of curriculum options for students in grades 9-12. All courses, except Chinese First Language, are taught in English.

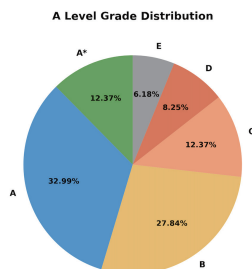

Based on the IB framework, G9 and G10 students study the integrated program, after which they can progress to the IB Diploma program or the A-Level program. For students not pursuing the full IB Diploma or A-Level, they have the option to select courses across their chosen curriculum to meet graduation requirements. They do not need to complete external examinations.

From Fall 2025, we added AP and school-based courses to give students more flexibility in academic explorations. Given Hong Kong SAR's popularity as a study-abroad destination, we launched the HKDSE curriculum in 2024. Some students from both the HKDSE and the Chinese National Curriculum (CNC) occasionally apply to universities overseas.

Grading Scale

Our school does not rank students or report their GPAs. Predicted grades are based on a rigorous and holistic review of a student's academic performance, with special emphasis on internal exam results.

GRADING SCALE for CURRICULUM			
	IB DP	A Level/IGCSE	Recommended Equivalency for GPA calculations
Outstanding	7	A*	100% (4.0)

Scholarships

Our International Curriculum Scholarship Program is open to new and current students, recognizing achievements in academic, arts, music, sports, environmental stewardship, community service, and entrepreneurship. Scholarships provide partial tuition coverage, awarded according to a set proportion.

Dedicated academic scholarships offer 30% to 100% tuition waivers, for up to four years in Upper School years, with total funding reaching tens of millions.

In addition, ISA Education Group's Global Scholar Program offers scholarships to outstanding students from around the world, covering tuition and living expenses at our ISA campuses.

Co-Curricular Activities (CCA)

With over 60 co-curricular activities—alongside annual school-wide events such as Sports Day, the Science and Arts Festival, and Action Week (field trips), students have countless opportunities to discover new interests and develop their talents.
