ISA Wuhan International School 2026-2027 Profile

ISAIEG was established in 2014 by senior education experts from leading global educational institutions. Today, the group oversees more than 12 schools and programs, including four international schools for foreign passport holders (ISA Tianhe, ISA Science City, ISA Liwan International, and ISA Wuhan International), two K–12 schools for Chinese passport holders (ISA Wenhua Liwan School of Guangzhou and ISA Wenhua Wuhan School), and two high school partnership programs with public high schools (Guangzhou Foreign Language School ISA Wenhua IB Diploma Program and Wuhan No. 2 High School ISA Wenhua IB Diploma Program).

This profile is for ISA Wuhan International School. Founded in 2022, it is a fully certified IB World School with CIS and Cognia accreditation, and the first school in Central China (and fourth nationwide) to offer the complete IB continuum (PYP, MYP, DP, CP). In 2025, Hurun Education ranked it No. 30 among China's Best International Schools for foreign passport holders, the highest ranking of any international school in Central China. All courses are taught in English except for a few language acquisition classes. Admission is highly selective, requiring examinations and interviews, with full-merit scholarships available for exceptional candidates.

ISA Wuhan International School shares a campus with ISA Wenhua Wuhan School. From Grade 11, ISA Wenhua Wuhan School students who choose the DP or CP join mixed cohorts with ISA Wuhan International School's foreign passport holders, while remaining officially enrolled at ISA Wenhua Wuhan School.

Our graduating class in 2026 received offers from universities across the US, UK, Hong Kong, Singapore, Canada, Australia, and beyond, with combined scholarships totaling $2.4 million.

Co-Curricular Offerings

Co-curricular activities are a core part of student life on campus, and all students take part in the wide range of options available. These fall into two categories: student clubs, which are initiated and led by students and build leadership and teamwork skills; and enrichment activities, which are interest-based programs organized by the school and offered after regular classes each day. In total, we offer 62 enrichment activities and 24 student clubs.
